

Honoring America's Veterans by providing exceptional services and employment to strengthen Veterans, their families, and their futures while building a strong America as we service the Department of Defense and other defense partners.

Both our Rotary and Aircraft Division Mission Systems, will MOD current helicopters and aircrafts and upgrade and integrate the latest technology, to include the ships computer systems HUD displays (MFD-DED) Avionics, radar, imaging systems & more.

**VETERANS HELPING VETERANS, LEAVING NO HERO BEHIND**

Our Veterans deserve to be treated as the heroes they are. We are proud to be Veterans. We understand Veterans, their struggles, their sacrifice, and how to assist them to obtain a stronger future. We do this with pride, respect, honor and duty. Our Veterans will once again experience what it means to have a mission as a team that will work as one.

## VETERANS FAMILY VISION NETWORK

---

**OUR VISION:** Restoring the family structure of America is both a local and global vision to help Veterans and their family one step at a time. We plan on helping educate, train, employ and provide medical needs to Veterans and their families. Providing service for 100% DAV, Veterans Drop Zone & Landing Zone. All of our programs for Veterans and their families are completely free.

---

### FAMILY SUPPORT

Veterans and their families will be a priority for our company by providing the following services:

- **Spiritual Support**
- **Mental Health**
- **Family Counseling**
- **Child Care**

## VETERANS-FARMER RANCHER COALITION OF MID-AMERICA

We will bring to the forefront the best of America; our U.S. Veterans who fought for freedom and our farmers and ranchers who pioneered the Midwest so we would have food for our families.

Under this special coalition, we pay the Veterans to work with our rancher program. (No labor cost to the rancher in exchange for cattle program). For every pound of beef we sell, 25¢ will go towards our **RANCHERS IN CRISIS PROGRAM** plus other financial benefits.

### **REVERE FOOD SERVICE GROUP**

consists of several food service stores; fast, simple and fresh, (beyond fast food). These stores have been specially developed as a unique brand for the Mid-America market. We will raise our own cattle with our partners and farm a minimum of 60% of our own food within Mid-America.
