

The Corporation's members are proud to be Veterans themselves. We understand Veterans, their struggles, their sacrifice, and how to assist them to obtain a stronger future. We do this with respect, honor and duty. Our Veterans will once again experience what it means to have a mission as a team that will work as one.

BACK TO BASICS

- Farm to table whole foods market.
- Farm supply store with a 3,000 acre ranch.
- Greenhouse local products.
- Local farmers ranchers and Veterans working together as a team.

MISSION FOR VETERANS

REVERE WASHINGTON GROUP consists of several food service stores fast simple and fresh. (Beyond fast food). These stores have been specially developed as a unique brand for the Mid America market. We will be raising our Cattle within Mid America. 60% or more of our foods we will grow within Mid America.

U.S.VETERANS-FARMER-RANCHER COALITION OF MID-AMERICA.

Revere Washington Group will bring to the forefront the best of Mid America; our U.S. Veterans who fought for freedom and our farmers and ranchers who pioneered the mid- west so we would have food for our families.

Under this special coalition our company will pay the Veterans to work with our rancher program. (No labor cost to the rancher in exchange for cattle program). For every pound of beef we sell, .25 cents will go *towards* RANCHERS IN CRISIS PROGRAM.

For every Veteran Ranch Hand we provide we will pay the Veterans wages. Average wage is \$78,000 for three years. For exchange of 22 cows every three years the average cost to raise each cow is \$3,318.22 x 22 cows = \$73,000.18. Butcher weight of 22 cows is approximately 12,000 pounds of beef x.25 LB.= \$3,000. Every three years each rancher gets back \$5,000 x 10 ranchers that is \$50,000 back into rancher's pockets. Of the \$5,000 each rancher receives back, they give back \$500 to RANCHERS IN CRISIS PROGRAM x10 ranchers = \$5,000 +\$3,000 = \$8,000 back into RANCHERS IN CRISIS PROGRAM.\$8,000x5=\$40,000. See graph at right.

3 years of Ranch Hand wages = 78,000
 22 cows X \$3,318.22 Avg = \$73,000
 \$5000 back to Rancher = \$5,000
 .25 LB X 12,000 LBS = \$3,000
 10 Ranchers give back \$500 ea. = \$5,000
 Into Ranchers In Crisis Program = \$8,000
 Rancher retains = \$4,500

Of the \$4,500 each Rancher retains we will ask the rancher to give to a special children project called Child Vision Network of Mid-America Each rancher gives \$500 to CVNMA. X 10 ranchers that is \$5,000. Our company Revere Washington Group , will match dollar for dollar. The Rancher retains a total of \$4,000. With these programs in place we will accomplish helping our Veterans farmers ranchers and children of Mid America.

These two companies RW-REVERE FOOD SERVICE GROUP and BACK TO BASICS will make up our joint venture, under our parent company REVERE WASHINGTON GROUP. Our goal is employing 100% Veterans and helping farmer- ranchers work together, grown by the best in Mid-America 3-24
